

Installation Guide

Mini Backpack Installation

The Mini has an optional Backpack Accessory (20-20335) available that can be added to the cart to provide enclosed storage.

What's needed

- Philips head screwdriver

Installing the Backpack

1. Carefully slide the backpack onto the cart and line up the holes on each side of the backpack.
2. Attach the backpack using six M4x6mm (included, x6, 3 on each side) screws and a Philips head screwdriver.
